

SAFELINE

FILTROS ACTIVOS

doc- RS-fal 36524

MM-205T KLEINE SELENE

Uso en:

Electro-medicina
Industria
Terminales aeroportuarias / trafico / FFCC
Luminotecnia
Máquinas-herramienta
Oficinas e instalaciones productivas
Controladores de tránsito automatizados

Filtro activo trifásico Ultracompacto

| Feature | MM-205T KLEINE | Units |
|-------------------|--------------------|-------|
| Intn'l regulation | IEEE- (518) (1100) | |

| | | |
|--|-------------------------------------|--|
| Rated voltage | Up to 430 | Volts AC /DC |
| Average amperage | 10 | A AC |
| Sustainable current overload per phase | 19 | Amps AC (2 hs) |
| DC current | 7typ | A DC |
| Enclosure | Double insulation polimeric cage | Other under requirement |
| Phases | 3 | |
| Operative temperature | -40 a 90 °C | ° C |
| Drift average current | 0.8 | mAmp |
| Lapse flicker disturbances | absolute | All flicker signals are eliminated from 50 mV |
| IEEE insulation | Internal electromagnetic cage | |

Topología general de la serie
